

Dear Patient

Dear Futients,
Walcome to Beacon Orthogodics and Sports Medicinal Vour appoi

Welcome to Beacon Orthopaedics and Sports Medicine! Your appointment is confirmed for ______ am/pm with Dr._____.

Please complete the enclosed registration and history forms. Please bring the completed forms with you to your appointment. If you have had any x-rays taken or other testing done prior to your visit, please bring those as well.

We also require a picture ID and insurance cards at the time of your appointment. If your insurance carrier requires a referral, please contact your primary care physician immediately. We need to receive the referral authorization prior to your visit.

If this is a work related injury, we will require the following information:

- Employer's name, phone number, and contact person
- First Report of Injury
- Name and address of MCO
- Claim Number
- Date of Injury

Please refer to the highlighted address on the left side of this letter for the location of your office visit.

We look forward to serving you.

PAIN MEDICATION POLICY BEACON ORTHOPAEDICS AND SPORTS MEDICINE
BEAGON ON THO AEDICS AND SI ON SINIEDICINE
The purpose of this agreement is to prevent any misunderstanding about the distribution of medicatio from the Beacon Orthopaedics and Sports Medicine physicians. Please initial each line on this form an sign at the bottom.
As an Orthopaedic Surgeon and Sports Medicine physician, we are responsible for diagnosis and treatment of immediate orthopaedic related pain and complications.
As such, the physicians do NOT prescribe long-term medication prescriptions to their patients.
Any long-term medication use, be it narcotic, non-narcotic, or anti-inflammatory, must be obtained through a Primary Care Physician, or other designated provider.
In the event surgical intervention is performed, we will <u>ONLY</u> prescribe narcotic pain medication for up to 2 prescriptions post-operatively, dependent upon the procedure.
We may prescribe pain medication for severe or complicated fractures.
As the patient, please understand medication provided should not be used at a more accelerate rate than originally prescribed, as this may result in being without medication for a period of time should violations occur.
I understand that with the use of prescription monitoring software, your physician may verify if pain medication is being administered by any other source while being prescribed one of our physicians
I agree refills of prescriptions must be requested during regular office hours. No refills will be given after hours or on weekends.
If a medication will need to be refilled over the weekend, please request the prescription by Thursday.
We request at least 24-hour notice for all refill authorizations, so as to ensure arrangements can be made.
I,, understand these guidelines as described above and agree to
follow the policy outlined in this document. I also understand the benefits and risks of the use of an opioid analgesic, including the potential risk of addiction.

Designation of a Personal Representative Form

Patient Name: Date of Birth:

A patient may designate a personal representative in writing. This person may be a spouse, adult child, members of the patient's family, or close friend. They may also be any individual with power of attorney or other legally recognized authority to make medical decisions on behalf of the patient if he or she is incapacitated or otherwise unable to make decisions. As a general rule, a parent or legal guardian of a minor child will be recognized as their personal representative.				
A personal representative may act on behalf of the patient for the purpose of receiving information that otherwise would be given to the patient. Such information could include appointment changes, messages regarding surgery and/or testing, physician's responses to phone messages and medication requests. An answering machine cannot be used as an acceptable way of leaving information. A staff member may refuse to disclose information to a person identified as a patient's personal representative if he/she believes such information should be given directly to the patient.
